PROFILE

Motivated and detail-oriented React Developer with a strong foundation in JavaScript, HTML, and CSS. Recently completed a degree in Computer Science and acquired hands-on experience through academic projects and personal initiatives. Proficient in building responsive and dynamic web applications using React.js, with a solid understanding of state management, component lifecycle, and modern web development practices. Eager to apply technical skills and contribute to a collaborative team environment to deliver innovative solutions.

PROJECT

Portfolio

🔗 *Source code*　　　🔗 *Live Link*

- Designed and developed a responsive portfolio website using React, highlighting my frontend skills.
- Created an intuitive and interactive user interface with React components for an engaging user experience.
- Implemented a project gallery with detailed descriptions, showcasing my work and providing links to live demos.
- Ensured cross-browser compatibility and responsiveness using CSS Flexbox/Grid and media queries.

Food Delivery Website

🔗 *Source code*　　　🔗 *Live Link*

- Developed a responsive food delivery website using React, enhancing the online ordering experience.
- Designed an intuitive UI with dynamic menu pages and filtering options for easy navigation.
- Implemented a functional shopping cart with real-time updates and item management.
- Ensured cross-device compatibility by applying responsive design principles for mobile and desktop users.
